

Chapter 16- At the Fair

In this chapter Charlotte has to convince Templeton to come to the fair with her and Wilbur. In the end, it's easy to convince Templeton to come.

Imagine that you are throwing a huge fair in Sydenham to celebrate the end of lock-down. Design a poster that advertises the event. What will be at the fair? How will you convince people to attend, especially as some might still be a little unsure about whether it's safe to leave their homes? Make it bright and colourful so that it catches people's eyes when they see it on the lampposts or shop windows. Will any special guests be there? Are you having a fancy-dress competition or a pet parade or something completely different to attract people to your fair? Don't forget to include a date, time and location. Remember to email or SeeSaw the poster to Mr Bleakley or Miss Boyd so they can see what you're planning.
