

## The Blue Planet

At the beginning of this new topic we want to find out what you already know about water, the sea and the animals that live there. Fill in at least 5 facts you know about water in the K column. Then can you think of at least 5 questions that you want to find out the answer to as we learn about The Blue Planet. These questions go in the W column but don't forget to use question words and a question mark. Then, as you learn a new fact you can add that to the L column. You can print this grid out or draw one of your own on a page. Don't forget to send Mr Bleakley and Miss Boyd a copy.
