

Arriving at Hogwarts

This is a drawing of what Harry and his friends would have seen as they arrived at Hogwarts for the first time. They got off the Hogwarts Express and were transported by boat to the castle.

Imagine you are Harry, Ron, Hermione or maybe even Neville, describe what you can see and how you feel. Describe the castle, the sea, the boats and the sky using lots of adjectives and use prepositions to explain where everything is located. Then write about how you feel- nervous, excited, dreading the thought of going to school?

When you're finished send your work to your teacher on Seesaw. Mr Bleakley and Miss Boyd are both HUGE Harry Potter fans so we're really looking forward to reading your work! Have fun!
