

Numbers up to 10,000

Th H T U

Learning Intention:

- We can sequence, position, order and write numbers up to 10,000.
- We can identify the number of thousands, hundreds, tens and units up to 10,000.

You will work with a friend to complete this activity.

Activity

Cut out the following numbers and paste them on to your piece of paper from lowest to highest.

5127	6349	3189	8082	5142	6687
------	------	------	------	------	------

5347	1245	7318	8414	2586	3865
------	------	------	------	------	------

7657	8735	9574	8754	1446	7345
------	------	------	------	------	------

2235	4321	6342	5643	5543	7455
------	------	------	------	------	------

2357	2654	2698	6544	3454	6676
------	------	------	------	------	------
