

KSI Problem of the Day

Wednesday 14th March 2018

- 1 The scales are balanced.

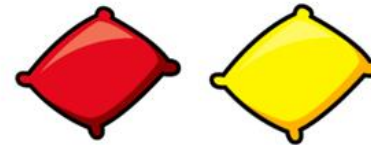

Each  block has the same mass.

What is the mass of one of the blocks?

6 kg

- 2 Henry has 100 red and yellow beanbags in total.

63 of the bean bags are red.

How many **more** red than yellow beanbags does Henry have?

26
