

Number Sequences

Parents: Learning key number sequences by heart is an important skill as it supports calculation and understanding of number values. Children need to be able to count in 2s, 3s and 5s from zero; up to and beyond 100. They also need to be able to count forward and backwards in 10s from any given number. For example, 14, 24, 34, 44 and so on. Give your child lots of opportunities to practise these counting skills; both reciting them by heart and using them to count groups of objects. A 100 square is useful for counting in 10s – just count down the columns.

Continue these sequences:

12	14	16	18	20	22	24	26
65	70	75	80	85	90	95	100
21	24	27	30	33	36	39	42
86	76	66	56	46	36	26	16
8	12	16	20	24	28	32	36

Fill in the missing numbers:

8	10	12	14	16	18	20	22
85	90	95	100	105	110	115	120
94	84	74	64	54	44	34	24
24	21	18	15	12	9	6	3

Which 2 numbers are the odd ones out? 1. 65 2. 77 3. 70

35	45	50	55	65	70	75	85
98	88	77	68	58	57	38	28
20	40	60	70	80	100	120	130
