

Blue Planet Topic Grid

You should complete one topic activity of your choice when advised to do so by your teacher. You can share your work with your teacher by taking a photo and asking an adult to upload it to SeeSaw or to email it to Miss Boyd (eboyd460@c2kni.net) or Mr Bleakley (jbleakley288@c2kni.net).

Using an atlas or the Internet, find the names of the world's longest 10 rivers	Using an atlas, find the names of the world's oceans	Make a poster explaining how the particles are arranged differently in solids, liquids and gases	Draw or paint a picture of a river scene. You could use water colours or try a different style of painting
Write a story with a water theme, maybe a river monster that comes to life? Use your imagination.	Use a 2 litre plastic bottle with the top cut off to make a rain gauge. Keep a record of the amount of rainfall over 4 weeks. Produce a graph or table to show your findings.	Produce a fact file (this could be a PowerPoint) of one of the world rivers. Include as many interesting facts as you can.	Create an informative poster teaching people how to be safe around water.
Create a rain maker using small pebbles or seeds. Could you decorate using a river theme?	Make a comic strip of the water cycle with a water droplet as your main character.	Keep a diary of when you use water at home over the course of a week, and what for.	Design a new type of fish. Draw and colour the fish and label its features. Provide 3 interesting facts about it.
Own choice! Can you create your own topic challenge? Surprise us! Your activity should be related to the Blue Planet, water or the environment.
