

Coffee Around the World

The most expensive coffee in the world is made in Vietnam by feeding coffee berries to the Asian palm civet and then retrieving the coffee beans from its poo, before roasting and grinding them.

You could try to find out:

- about the Asian palm civet;
- why this type of coffee is so popular;
- about fake 'weasel poo coffee';
- how scientists think they can spot a fake.

Using the table on the next page, shade all the areas on the world map where coffee is produced.
