

A Kenning About Me!

A kenning is a great way to talk about yourself in poem-form. If your friends and family had to describe you, what would they say about your personality, your hobbies, your favourite things and your dislikes?

Draw a picture of yourself in the circle, then brainstorm lots of words and phrases about yourself around your portrait.

Try and connect words that link together.

Finally, write your kenning! Remember each line has only 2 words (either a noun + a verb or a noun + a noun) and they're joined with a hyphen.

Challenge

See if you can include some poetic devices in your kenning, such as alliteration or metaphor.
