

WW2 Art Lesson – Dig for Victory

This week we are going to have a go at creating a poster for WW2.

You can use felt tips, crayons, colouring pencils, chalks or a mixture of them all.

If you prefer you can use a paint package on your computer to make a poster for WW2.

The 'Dig for Victory' campaign was set up during WW2 by the British Ministry of Agriculture. Men and women across the country were encouraged to grow their own food in times of rationing and food shortages.

Below are some of the actual posters and ideas other P4's have done in the past. Have fun and please send us pictures of your amazing work!
