

31st March

$\frac{1}{4}$ of 32

$$738 + 300$$

Here are the lengths of 3 rivers

River	Length in miles
Bann	80
Thames	215
Tay	117

Write the names of the rivers in **order** of length. Start with the longest.

Work out the **total length** of the River Bann and River Tay

Write down the **total value** of these coins
