

Weekly Overview: Week 10 (15th- 19th March)

Dear parents and pupils,

Welcome back! We hope you have had a restful and relaxing weekend and are looking forward to this weeks home learning tasks.

We have some wonderful activities planned for you all this week. Please do not feel you must complete these activities all in one day but instead allow your child to complete a variety throughout the week.

We would like to see at least 2-3 photo samples of pupils work from the week and would like these sent via the seesaw app.

If you require any assistance in relation to this, please feel free to contact us as below:

Many thanks
