

Today's work is all about **1 more than**

You can use some little things in your house to help you work out the answer, like maybe forks or pencils or dinosaurs- anything at all- you don't have to use the same things as the game!! If the picture shows 2 buttons, you could set out 2 forks. Then put out **1 more** fork. How many forks are there now? Remember to use your lovely maths language to tell each story out loud

What is 1 more than 2?

"1 more than 2 is equal to 3"

Click on the link below to play the game!!
