

Hi! My name is Addy.
I am looking at numbers between 11 and 19.
Here are some part whole models, these help to
show that numbers between 11 and 19 are made
up of 10 and another single digit number.

Fill in the blanks on the part whole models and
complete the sentences.
I have done the first one for you.

Addy's number is:

13

One part is:

10

the other part is:

3

It has

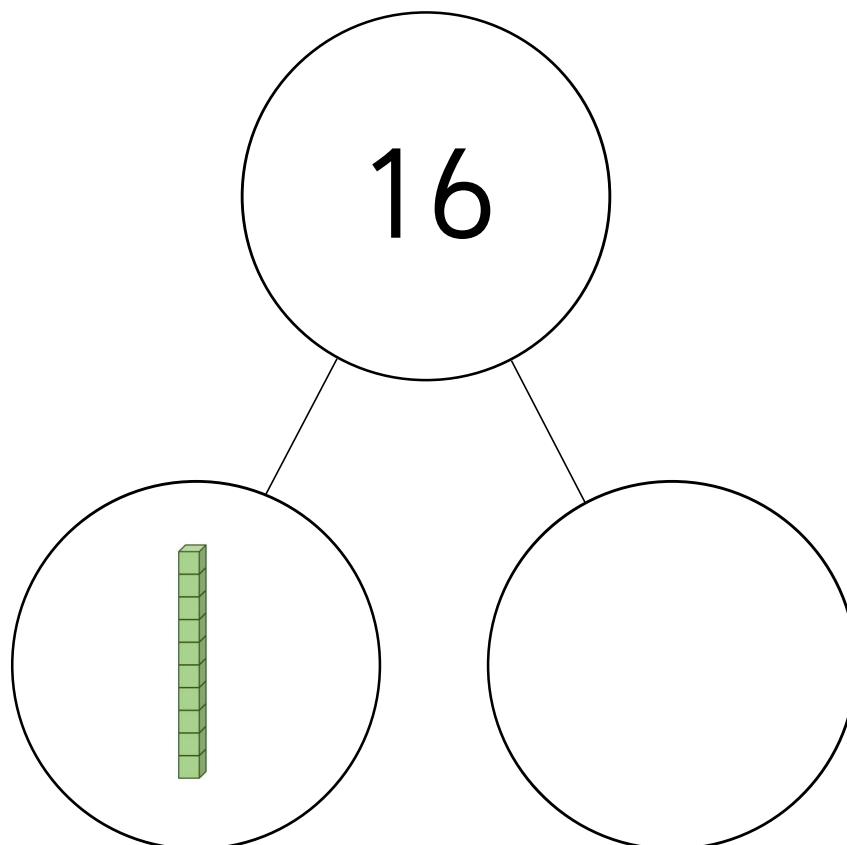

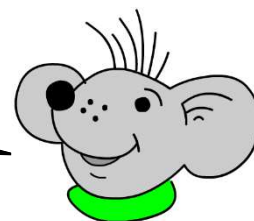

1

ten and

3

ones.

Now, see if you can fill in the blanks on this part whole model and complete the sentences.
