

Key Learning: To understand the units of measured time

Choosing units to measure how long something takes?

Think carefully about what you know about the length of a second, a minute and an hour.

Which one would you use to measure how long the following activities might take?
In each case, give reasons why you have chosen that unit of time.

1)

Flying to Spain
for a holiday

1) I have chosen _____ to measure this because

2)

Walking to the shops
with your family

2) _____

3)

Writing your full name
in your best writing

3) _____

4)

How long you spend on
computer games each day

4) _____
