

Egyptian Project

Every year P5 complete a project on an aspect of Egyptian life which interests them. They research this and then find a way to present it to the class, e.g. a model and explanation, a PowerPoint, a scrapbook of their research. Unfortunately, this year school closed before we were able to complete this. In the past, this has been a very enjoyable activity and one which the children enjoyed completing. We felt it was a shame that this year's P5 would miss out so if you would like to complete this project then we would love to see them. If you've got some spare time over the Easter holidays you could have a go at making a model, PowerPoint or scrapbook all about Ancient Egypt. Obviously, in the current climate, it will be difficult to gather materials to make your project with so try to be really creative and use things that are available to you in your home. This task is optional so there is no pressure to complete it, however, if you do take part then please send us a video or picture of you and your project, we'd love to see them.

Good luck,

Mr Bleakley and Miss Boyd
